

President's Block for Elaine
2 Half-Square Triangles in Red and Green Christmas Prints

Cut 1 - 6" square of RED Christmas Print AND Cut 1 - 6" square of GREEN Christmas Print

Draw a diagonal line from one corner to the opposite side on the wrong side of one of the squares. Place the 2 squares Right sides together. Stitch a $\frac{1}{4}$ " seam on BOTH SIDES of the drawn line. If you do not have a $\frac{1}{4}$ " foot, you will draw in these two sewing lines before sewing.

After sewing the 2 quarter-inch seams, use a rotary cutter or scissors to cut the square on the drawn diagonal line. Finger press each pieced square open with the seam allowance placed towards the darker of the two fabrics; carefully press each unit open with a warm-hot iron for the 2 Half-Square Triangles. (You may trim the fabric points to have neatly finished squares.)

Please do not sew the two half-square triangles together.

Please sign your name on the RED side of one of the half-square blocks.
